## LEAPING TOWARD DREAMS

**RESPOND** to a collage by examining the layers of colorful shapes, patterns, and textures to find a story you think the art tells.

WHAT STORY MIGHT THIS COLLAGE TELL?

**CREATE** a collage that tells a story about your dreams and aspirations. You can sketch what your collage will look like in the design-planning area, then create colorful patterns on firm paper, cut out shapes, and glue them into a collage.

**CONNECT** the collage art form to dance and abstract creative movements. Just as a collage tells a story, so does dance. With a few classmates, choreograph a creative movement sequence that aligns with your collages.

**PRESENT** your team's collages and choreographed movement sequence. Explain the story that is told in your art and dance. Discuss how creativity helps people imagine and achieve their dreams.
