# PRO DESIGN

The access you want.
The relationships you need.

WORK SMARTER

With a virtual platform, vendor resources are visual anywhere you go, and cost savings are realized through re-allocating physical library space.

FIND SOLUTIONS FAST

MRL's enhanced search engine enables fast-finding in our vast database of products. Quickly create awareness of secondary lines and impress customers with unique solutions.

GAIN ASSURANCE AND ACCURACY

Minimize pricing errors by using electronically updated price books and be in-the know on the latest products and changes. MRL platform is always current and evolves with your needs.

ABOUT MRL

My Resource Library (MRL) is an online resource center for the contract and hospitality interiors markets. Industry professionals can efficiently search, categorize, share, and most importantly, get inspired.

What began as online access to materials once found in a physical library has evolved. MRL is now connecting the industry from inspiration through specification.
