

## Computer Tables

Environments that  
Inspire Learning

### Features

#### Frame

- Table frames and legs are constructed of 14-gauge steel
- Tube within a tube leg construction; upper leg is formed from 1 1/4" x 2" tubular steel and lower adjustable leg is formed from 1" x 1 3/4" tubular steel. Table is adjustable from 24" to 32" in one inch increments
- Leveling glides are adjustable up to 1"
- Modesty panel is constructed from 18-gauge steel and is screwed to upper legs
- Finished with a slate grey powder coat

#### Work Surface

- Top is constructed from 1" high-pressure laminate furniture board, 45 lb. density, and trimmed with 3mm slate grey T-mold edge banding
- Top is connected to the 14-gauge upper leg with a metal insert and machine screws for a strong metal-to-metal connection.
- Tables without power include two 1 1/2" X 4" grommet holes located on the rear edge 30" apart

#### Power

- Tables with power include a full width steel bin that measures 4" H & 5 3/8" D and features a flip down door that is secured with a thumbscrew. Each bin contains a 9' power cord that can run between tables or dropped down to an electrical source
- Pop-up power outlet contains two USB ports and two standard power outlets. Power outlet is mounted in the center rear of the work surface. When not in use, the power unit door folds down to provide a level work surface

# Specifications

Model	Work Surface Width	Work Surface Depth	Work Surface Adjustable Height	Frame Width	Frame Depth
Computer Table - Y - Leg Without Power	60"	24"	24" to 32"	55"	14"
	60"	30"	24" to 32"	55"	20"
	72"	24"	24" to 32"	67"	14"
	72"	30"	24" to 32"	67"	20"
Computer Table - Y - Leg With Power	60"	24"	24" to 32"	55"	14"
	60"	30"	24" to 32"	55"	20"
	72"	24"	24" to 32"	67"	14"
	72"	30"	24" to 32"	67"	20"
Computer Table - Without Power	60"	24"	24" to 32"	55"	14"
	60"	30"	24" to 32"	55"	20"
	72"	24"	24" to 32"	67"	14"
	72"	30"	24" to 32"	67"	20"
Computer Table - With Power	60"	24"	24" to 32"	55"	14"
	60"	30"	24" to 32"	55"	20"
	72"	24"	24" to 32"	67"	14"
	72"	30"	24" to 32"	67"	20"

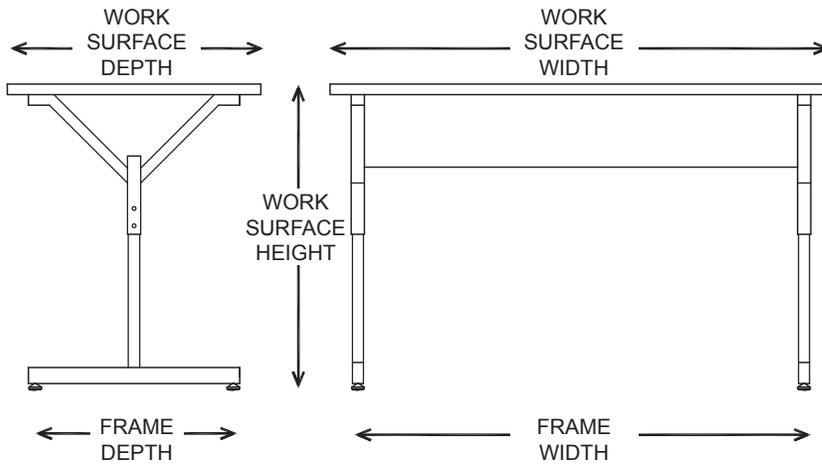

# Features

Pop up power source offers two electrical and two USB ports

When not in use, the power unit door folds down to provide a level work surface
