Features

tilt tension control

Increase or decrease tilt tension depending on user's body weight.

center-tilt

Chair tilts from a point under the center of the seat allowing you to rock. Tension adjustable.

synchro-tilt

Backrest and seat tilt in unison. Back tilts more than seat and is tension adjustable.

seat height adjustment

Raise or lower so your feet rest flat on the floor. This will accommodate individuals of all different heights.

back height adjustment

Raise or lower to support the lumbar (lower back) region.

width adjustable arms

Adjusts arms inward or outward to match an individual's shoulder span for maximum comfort.

arm height adjustment

Raise or lower so your forearms rest comfortably while typing at a computer and working at your desk.
