

Music Chair

Environments that
Inspire Learning

Features

Seat:

- One-piece, injection-molded, polypropylene shell with a double contoured seat
- Waterfall edge promotes good circulation and relieves pressure points
- Shell is reinforced with ribs that allows greater flexibility at the upper back while still supporting the lower back
- Tapered opening in back eliminates pressure and provides lower back comfort
- Extra-wide shell provides 30% more seat surface

Frame:

- 17.5" frame is formed from 1 1/8", 18-gauge tubular steel. 18.5" frame is constructed from 1 1/8", 16-gauge tubular steel.
- Available in nickel-plated chrome or black powdercoat finishes
- Seat is attached to the frame on the underside of the seat with six steel rivets. No exposed hardware on the surface.
- Rear leg is structured to have a distinctive back angle, provoking students into performance position while allowing more aisle space on risers
- Stacks 10 high
