Item# 030729: **Lowercase Cursive**

Item# 030727: **Uppercase Cursive**

Item# 030720: **Shapes**

### Introduction

Write-On, Wipe-Off and Write Again with these great re-usable sheets! Inspired by an OT, Hi-Write Erasable Traceables are perfect for encouraging plenty of repetitive practice with forming designs, letters and numbers. Each 5 7/8" x 8 7/8", thick laminated card is hi-lighted with directional arrows indicating the proper way to form the design, number or letter.

### Product Use

Hi-Write Erasable Traceables are excellent for use at home, in the classroom, in the clinic or on the road. Choose the set of designs, numbers and/or letters that the child is to work on and use a dry erase marker. Encourage the child to follow the arrows and stay inside the guidelines to correctly form the shape. You can use all of the cards, or start with a few and repeat several times. Use with a clipboard or slantboard if extra stabilization is needed.

### Modifications

Try using Hi-Write Erasable Traceables in other ways! Here are some suggestions:

- Use Wikki Stix (Abilitations Item #003343) to form the designs or letters. These waxed threads can be shaped and formed onto the laminate and easily pulled off for re-use.
- Use dried beans to fill in the shapes or letter/number patterns. No gluing though!
- Try using shaving cream! Let the child dip index finger in the cream, then follow the desired outline on the card.
- Tape the desired Hi-Write Erasable Traceable card on a vertical surface, such as on a wall or mirror and have the child trace while standing or sitting on a ball chair. Wonderful for working on shoulder stability and visual tracking!

## Care & Safety

Use with Dry Erase Markers only! Do not use pencil, pen or permanent magic marker as these will stain the laminate and they then cannot be reused! Wipe down gently with damp cloth or germicidal wipe. Lay flat to store.
